1 Uvod

1.1 Korišćeni alati

Za izradu sajta su korišćeni HTML, CSS, Bootstarp, XML, JavaScript i jQuery biblioteka.

Radno okruženje: Visual Studio Code

1.2 Opis funkcionalnosti

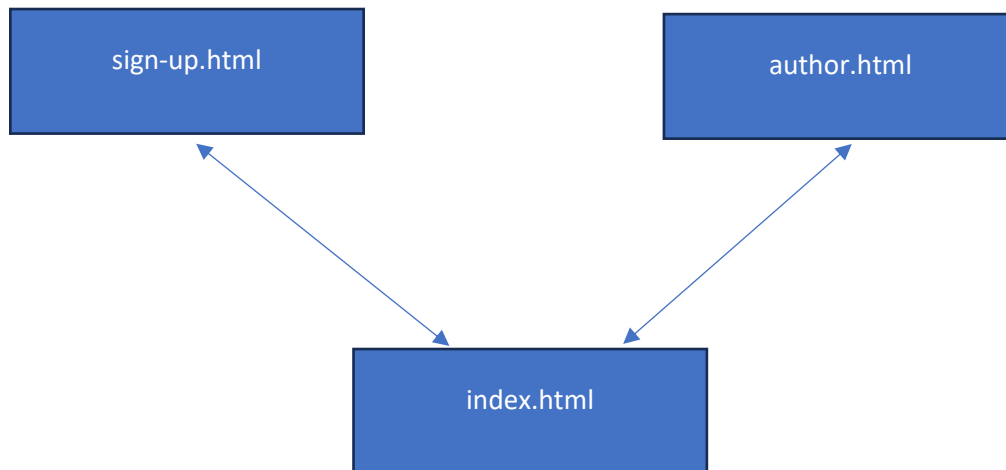

- Dinamičko ispisivanje navigacije hedera (obična navigacija, navigacija za hamburger i navigacija koja se nalazi u footer-u)
- Hamburger – koji se pojavljuje na manjim rezolucijama, uz pomoć događaja – click u native JS-u.
- Modal – klikom na dugme Start Today otvara se modal sa zatamnjenom pozadinom, koji ima ikonicu za izlaženje, takođe se može izaći i klikom na zatamnjenju pozadinu. Ceo modal je rađen u native JS-u.
- Read more/Read less – inicijalno sakriven paragraf koji se klikom na dugme Read more prikazuje sa blagim efektom uz pomoć metoda “slideToggle”, kada je prikazan inicijalno sakriven paragraf tekst dugmeta se menja na Read less. Ova funkcija se poziva na više mesta u sajtu.
- Slider sa jezicima – u div-u se uz pomoć metoda setInterval na svake 4 sekunde smenjuju slike, naslov i sadržaj div-a. Slike, naslovi i sadržaj su dinamički ispisani.
- Dinamički ispisane klase koje se ponavljaju
- HOVER – rađen uz pomoć jQuery biblioteke. Na services blokovima se prelaskom mišem uvećava širina i menja boja teksta.
- Korišćenje jQuery plugin-a – za slider u sekciji About Us. Smenjuju se slike, prelaskom mišem na njih se zaustavlja slajdovanje i prikazuje se u gornjem delu ime studenta sa slike. U donjem desnom uglu slike se mogu i ručno pokretati klikom na neku od crtica.
- Dinamički ispis liste – nabrojanje razloga zašto baš mi u sekciji About us.
- Draggable cards – ispisani dinamički. Automatsko slajdovanje ili uz pomoć drag-a ili klikom na ikonicu.
- Dinamički datum – u sekciji Blog se nalazi trenutni datum u formatu “6. December 2023”
- Dinamički ispisane vesti
- Slajder slika za vesti
- Dinamički ispisane društvene mreže u footer-u
- Validacija forme i ispisivanje poruke o uspešnom popunjavanju

1.3 Template

Za izradu sajta nije korišćen gotov template.

2 Organizacija

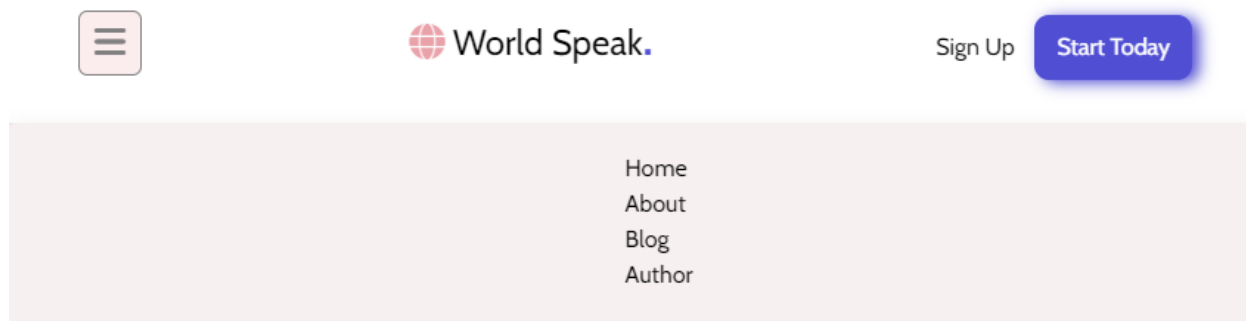

2.1 Organizaciona šema

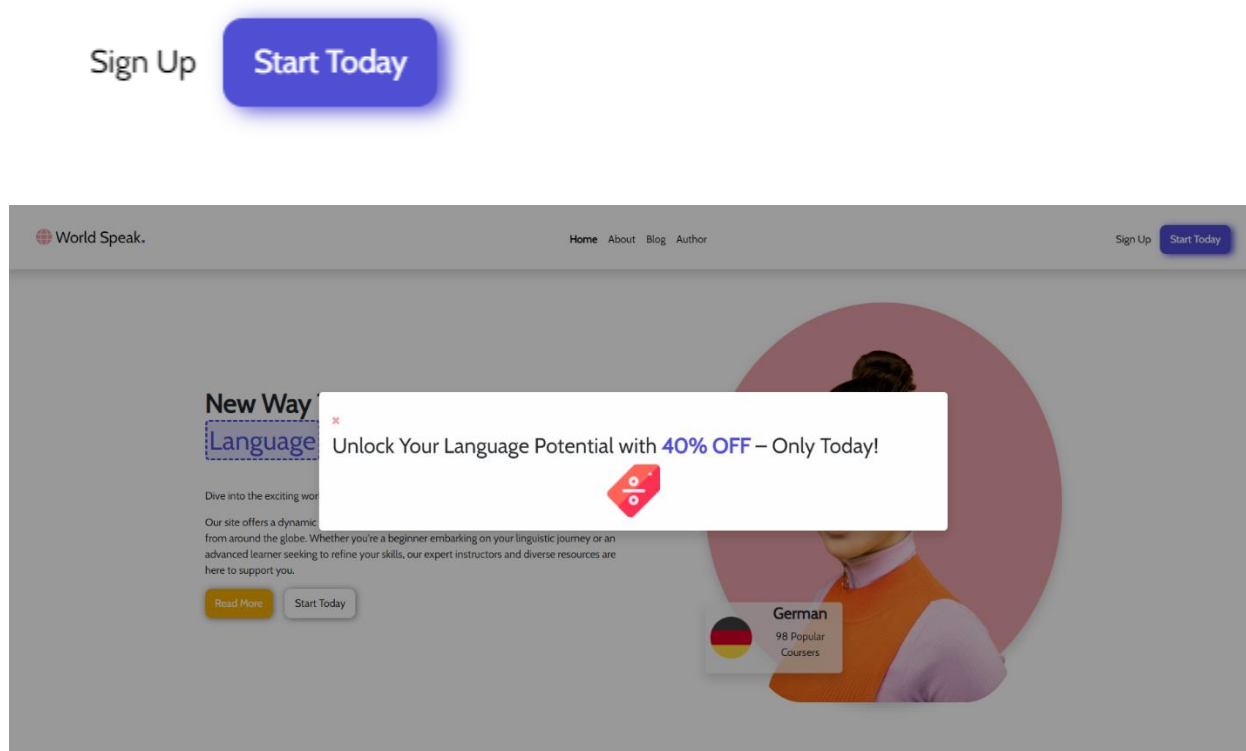

2.2 Mapa sajta

```
<?xml version="1.0"?>
<urlset xmlns="http://www.sitemaps.org/schemas/sitemap/0.9">

    <lastmod>2023-11-28</lastmod>
    <changefreq>yearly</changefreq>
    <priority>0.7</priority>
  </url>
</urlset>
```

2.3 Slike stranica i opis funkcionalnosti

Na manjim rezolucijama se pojavljuje hamburger, gde se klikom na njega otvara navigacija koja je takođe kao i navigacija za veće rezolucije ispisani dinamički. Ceo hamburger je rađen u native JavaScript-u.

Klikom na dugme Start Today otvara se modal sa zatamnjenom pozadinom i centriranim blokom sa sadržajem. Iz modala se može izaći ili klikom na ikonicu X ili bilo gde na zatamnjenju pozadinu. Ceo modal je rađen samo uz pomoć native JavaScript-a.

New Way To Learn Any Language

Dive into the exciting world of language learning with our expert instructors!

Our site offers a dynamic and interactive learning experience, connecting language enthusiasts from around the globe. Whether you're a beginner embarking on your linguistic journey or an advanced learner seeking to refine your skills, our expert instructors and diverse resources are here to support you.

New Way To Learn Any Language

Dive into the exciting world of language learning with our expert instructors!

Our site offers a dynamic and interactive learning experience, connecting language enthusiasts from around the globe. Whether you're a beginner embarking on your linguistic journey or an advanced learner seeking to refine your skills, our expert instructors and diverse resources are here to support you.

To enhance your experience, we invite you to join our community by [signing up](#) for an account. As a member, you'll gain access to personalized learning plans, progress tracking, and exclusive content. Our platform operates under transparent and user-friendly terms, fostering a collaborative and respectful environment for language exploration. Join us on this exciting adventure of cultural discovery and linguistic mastery, where learning knows no boundaries!

[Read Less](#) [Start Today](#)

Klikom na dugme Read More se prikazuje inicijalno sakriven tekst , menja se tekst dugmeta u Read Less i boja dugmeta u svetlo sivu boju. Ovaj deo je rađen uz pomoć jQuery-ja sa metodom slideToggle. Pored dugmeta Read More nalazi se dugme Start Today koji otvara modal kao i dugme iznad.

U divu se uz pomoć setInterval funkcije na svake 4 sek menja slika, naslov i tekst unutar njega.

Provided Features

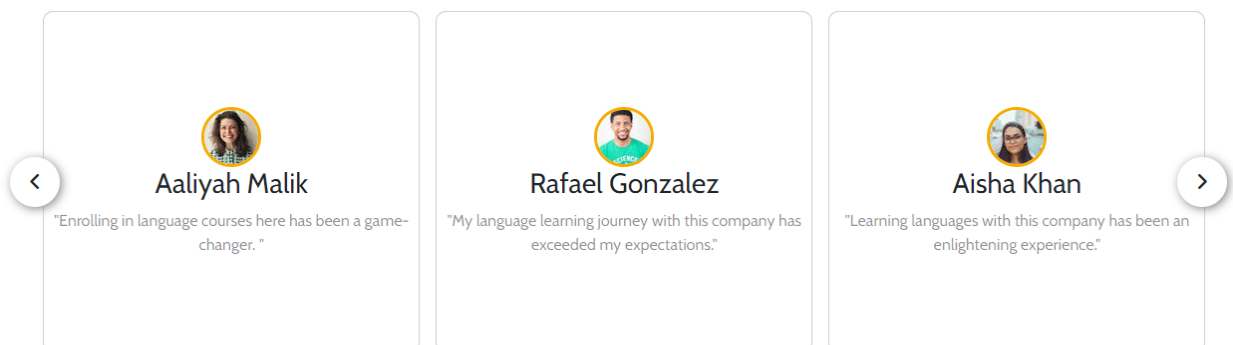

Prelaskom miša na blok on se uvećava, dodaje mu se senka i menja se boja ikonice i naslova. Ovo je rađeno uz pomoć hover metode u jQuery-ju.

Slider koji je rađen uz pomoć jQuery plugin-a. Slider se zaustavlja prelaskom miša preko slike kada se u gornjem uglu pojavljuje zatamnjeni blok sa imenom studenta. Menjanje slika se može vršiti i ručno klikom na neku od crtica u donjem desnom uglu.

Broj like-ova koji je simuliran kao random broj (zamišljeno da je izvučeno iz baze podataka) se uvećava za 1 ako korisnik klikne na ikonicu srca koje se boji u crveno, ponovnim klikom se smanjuje broj lajkova za 1 i srce boji u belo.

- 1) Dodaju se dodatne kartice na početak i kraj karusela kako bi omogućile beskrajno skrolovanje.
- 2) Strelice na ekranu omogućuju korisniku da ručno skroluje levo ili desno.
- 3) Korisnik može prevlačiti karusel mišem. Ovo daje korisniku kontrolu nad brzinom i smerom skrolovanja.
- 4) Karusel se automatski skroluje u određenim intervalima, osim ako korisnik ne interaguje s njim.
- 5) Kada korisnik dođe do kraja karusela, on se automatski vraća na početak,
- 6) Automatsko reprodukovanje se zaustavlja kada korisnik pređe mišem preko karusela i nastavlja se kada miš napusti karusel.

Kod se izvršava prilikom mousedown, mousemove, mouseup, scroll, mouseenter, i mouseleave događaja, omogućavajući interaktivnost i automatsko reprodukovanje.

7. December 2023

Your quick source for language trends, learning hacks, and success stories.

7. December 2023

Unlock Your Potential

The Language Code: Crack It, Transform Your Tomorrow

7. December 2023

Polyglot Pulse

Catch up on language news in a flash. Discover effective tips and real success tales.

Dinamički ispisane vesti u blokovima sa leve I desne strane. Datum dinamički dohvaatan I pretvoren u format "7. December 2023".

U sredini je blok sa slajderom gde se samo menja pozadinska slika, a tekst ostaje isti.

Copyright © 2023 WorldSpeak. All Rights Reserved.

Dinamički dohvaatan datum za Copyright.

The image shows a 'Sign Up' form centered on a pink background. The form is a white rectangle with a blue title 'Sign Up' at the top. It contains five input fields: 'First name:', 'Last name:', 'Email:', 'Password:', and 'Repeat password:'. Each field is a simple white rectangle with a thin grey border. Below the fields is a blue 'Submit' button with white text. The background of the entire image is a solid pink color.

Kada korisnik pokuša poslati formu (klikom na dugme za slanje), kod proverava unete podatke.

Ako postoje greške u unetim podacima (na primer, ako je neko polje prazno ili ako e-mail adresa nije u ispravnom formatu), korisnik će videti poruke koje ga obaveštavaju o greškama. Ako su svi uneti podaci ispravni, korisnik će dobiti potvrdu da je forma uspešno poslata.

Kada se pojavi greška, polje gde je došlo do greške će biti označeno crvenom bojom, a pored njega će se prikazati poruka koja objašnjava šta nije u redu.

Kada je unos ispravan, polje će biti označeno zelenom bojom, bez poruke o grešci.

Postoje provere koje se obavljaju da bi se osiguralo da je e-mail adresa u ispravnom formatu i da su imena i prezimena uneta ispravno.
